

2. Summer courses in the city

Summer in Warsaw, is particularly beautiful and attractive period. Do you like jazz, or maybe you're interested in Science, or prefer to spend time watching various types of art in museums? That's all and even more you can see in Warsaw during the holidays. And it is often in the company of famous artists from around the world.

SCHOLA POLONICA, a Polish language school also strives to be present at these events. So every year we organize various kinds of super-intensive courses. During these courses our students can not only learn Polish, but they can have fun.

There is an opportunity to experience the city and participate in a variety of interesting concerts such as folk music combined with dancing, exhibitions paintings, cruises on the Vistula River, or take part in sports competitions.

Polish language courses during the holidays take place at different levels and can be both group and individual.
